(2) The division shall be provided with the following, in the manner that allows

Internet facilitator, or the online contract pharmacy could have the effect of causing the other licensed entities to be out of compliance with this chapter, and each entity may, therefore, be held accountable for any related party's non-compliance, if the party knew or reasonably should have known of the other person's non-compliance.

(4) (a) An online prescriber may lose the practitioner's professional license to prescribe any drug under this title if the online prescriber knew or reasonably should have known that the provisions of this chapter were violated by the online prescriber, the Internet facilitator, or the online contract pharmacy.

(b) It is not a defense to an alleged violation under this chapter that the alleged violation was a result of an action or inaction not by the charged party but by the related online prescriber, the online contract pharmacy, or the Internet facilitator.

(5) The following actions may result in an immediate suspension of the online prescriber's license, the online contract pharmacy's license, or the Internet facilitator's license, and each is considered an immediate and significant danger to the public health, safety, or welfare requiring immediate action by the division pursuant to Section 63G-4-502 to terminate the delivery of online pharmaceutical services by the licensee:

(a) online prescribing, dispensing, or facilitation with respect to:

(i) a person under the age of 18 years;

(ii) a legend drug not authorized by the division in accordance with Section 58-83-306; and

(iii) any controlled substance;

(b) violating this chapter after having been given reasonable opportunity to cure the violation;

(c) using the name or official seal of the state, the Utah Department of Commerce, or the Utah Division of Occupational and Professional Licensing, or their boards, in an unauthorized manner; or

(d) failing to respond to a request from the division within the time frame requested for:
